

Bowler Information Timetable...

August 30th

Welcome Packets e-mailed out to the associations. Packets will contain a welcome letter, copy of the by-laws, tournament schedule, bowler information forms and instructions.

September 17th

Due date for the associations to submit bowler information.

First & Last Name, Gender, Eligibility are REQUIRED. It's strongly suggested that associations also provide USBC numbers. It's not critical we get that information but it will certainly be helpful.

Associations can use either the printed form included in the welcome packet, download the Excel spreadsheet from our website or submit an existing file that the association already uses.

Associations can e-mail bowler information to dbadmin@ncnbf.com (an address I monitor).

September 24th

NCNBF will have averages for the past two seasons verified.

All documents from the Welcome Packet will be posted on the website.

Proposed Tournament Scores Timetable...

The week following the tournament...

Tournament committee provides a list of all participating bowlers to the NCNBF Statistician. This list should contain the bowler's name, USBC # (if applicable), entering average and # pins adjusted ('0' for no adjustment).

When the results are made official (usually within 30 days)...

The tournament committee will send raw scores (individual game or series) and prize fund payout list to NCNBF Statistician.

E-mail address to be used is stats@ncnbf.com.
